“ The beauty and the burden of the Civil Services lies in its name. Its a service. As a job it offers unparalleled opportunity to those with unwavering commitment towards serving the common good. A focused approach towards the examination coupled with the right motivation and perspective will surely yield results. The journey starts from the moment of conscious choice of the civil service as one's career and calling but it stretches on beyond the exam into the many choices one has to make along the path of duty. Accountability to oneself and to the people we serve is crucial both as aspirant and as civil servant. ”

## THE ORGANIZATION BEHIND THE LADDER TO SUCCESS.

This ladder of success is designed by the Malankara Orthodox Church for the zealous students who aspire for Civil Service. The academy has gone through a facelift from being MGOCSM Civil Service Academy to IAS HUB - an exclusive campus for Civil Service aspirants.

IAS HUB MGOCSM Civil Service Academy was founded in 1992, by the visionaries, H.H. Marthoma Mathews II Catholicos of MOC and Late C.K. Kochukoshy IAS (Rtd.). Indian Civil Service is the most elite and respected job in the country. But the preparation is very tough and it requires the right guidance. IAS HUB is the ladder to reach Civil Service or success for the aspirant. This academy has a legacy in this field, especially as it comes from MGOCSM which always uphold values and give great importance to education and learning. MGOCSM is the oldest Christian Students' organisation in Asia, since 1908. IAS HUB is indeed your ladder to success.
